
THE DEMISE OF PRINT MEDIA AND PEOPLE IN THE INDUSTRY CAN DO ABOUT IT

Although the Internet is helping many to connect to the world for most of their requirements, it has done a major harm to the print media. Reading newspapers is going out of style and even advertisers are now preferring Dotcom business to newspapers. So what should people in the newspaper industry do? Read the full article here: [How to Survive the Death of Print Media - Forbes \(blog\)](#)
