
CBS IS FINALLY FALLING FOR HULU

hulu

CBS has remained distant for long while other vendor of broadcast-network television united themselves with Hulu. But CBS is said to have been falling for Hulu, but they are missing the point. Rather than perplexing this for a sign of embrace, observers should see this as development for making very specific deals for the distribution of select types of content base. Read this article here: [CBS Is Giving Hulu a Brief Kiss, Not a Bear Hug](#)
