

QUALITY ASSOCIATES, INC. AWARDED U.S. ARMY HUMAN RESOURCES COMMAND SUBCONTRACT

Quality Associates, Inc. has been awarded a subcontract with Science Applications International Corporation (SAIC) to scan and process unemployment compensation forms on behalf of the U.S. Army Human Resources Command (HRC) for former service members. Quality Associates will provide scanning and imaging services in order to support the HRC's customized Automated UCS Management System that will be installed at a new facility in Fort Knox, Ky. Executive Director and Partner Scott Swidersky, said, "It is an honor to be a trusted teammate of a prominent government contractor such as SAIC and support the armed forces in this major initiative. We are well underway in providing services and support that will help enable the HRC to achieve its timeline and goals."
