
OBAMA'S TAX PLAN OPPOSED BY UNIONS

The article is about President Obama's plan to try and reduce our countries enormous deficit. But in order to try and get our country out of debt and control spending tough decisions have to be made. The unions who contribute .8% to there pensions every week are being ask to increase that to 2% a week. This is one of the ways President Obama wants to reduce the debt by 3 trillion dollars. But of course the unions are crying foul and don't want any additional money coming out of their pay checks.
