NOVA BUS HIRING 350 IN NEW YORK STATE

Nova Bus, a Quebec-based company building a plant in Plattsburgh, New York, is already hiring 300 people. Now B3CG, a sub-contractor for Nova Bus, is moving in to help put the buses together. They'll be hiring 25 to 50 people. B3CG is the second company to move to Plattsburgh because of Nova Bus. Nova Bus has already begun the interviewing, but there are many positions still open. Applications are available at any six of the One Work Source Solutions centers around northern New York.
