
WISCONSIN'S LDS CLOSING, 51 LAID OFF

LDS Test & Measurement is closing its operations in Middleton, Wisconsin, resulting in the loss of 51 jobs. Layoffs will begin May 20th and end in September. LDS Test & Measurement, a Marlboro, Massachusetts provider of integrated vibration test and measurement equipment and software, was sold by SPX to the UK's Spectris PLC for \$86 million in December. The layoffs are expected to be permanent. The Wisconsin Department of Workforce Development and the South Central Workforce Development Board will provide services to affected workers.
