## TOSHIBA TO BRING 194 JOBS TO NORTH CAROLINA

Church Falls, Virginia's Toshiba America Nuclear Energy will open a project-management and engineering center in Charlotte, North Carolina, creating 194 jobs over five years. The positions are for trained nuclear engineers and construction managers. The average wage will be \$122,000 a year. The center will open in August. Toshiba will get a \$4.9 million job development grant from the state. Toshiba America Nuclear Energy is a subsidiary of Toshiba America, which builds nuclear reactors and provides services for nuclear power plants.
