
LEINCO MOVING TO FLORIDA, WILL CREATE 35 JOBS

St. Louis, Missouri's Leinco Technologies is picking up and moving operations to Palm Beach Gardens, Florida, where it will build a life sciences research & development and manufacturing facility. The manufacturer of life sciences products will add 35 jobs in Florida over the next three years, under a deal to get loans from the town of Jupiter and the city of Palm Beach Gardens in the amount of \$350,000 each. Leinco develops and manufactures and markets products and custom services used in life sciences research and commercial production of diagnostic and genetically engineered substances.
