
SUZLON ISSUES PINK SLIPS TO 160

Suzlon Rotor Corporation has issued layoff notices to 160 employees in Pipestone, Minnesota. The firm employed 324 before the layoffs. Those let go will be considered first if the company is able to rehire at a later date. Suzlon Energy is a wind power company in India. In terms of market share, the company is the largest wind turbine manufacturer in Asia and the fifth largest worldwide.
