
EMBASSY SUITES HIRING 120 IN OHIO

EMBASSY SUITES

The new Embassy Suites Columbus hotel at the Port Columbus International Airport is hiring 120 people in anticipation of its grand opening this Fall. The hotel is hosting a job fair this week, which continues through Saturday. Positions are available in housekeeping, front desk, maintenance, and in food service, including bartenders and sous chefs. The hotel is being developed by Airport Core, and will be managed by Indus Companies. Both are based in Columbus. Embassy Suites Hotels is a chain of upscale all-suite hotels trademarked by the Hilton Hotels Corporation. Similar to other Hilton brands, most Embassy Suites hotels are independently owned and operated by franchisees, though a few are company owned and/or managed.
