## US CENSUS HIRING 2,500 IN BALTIMORE

The US Census Bureau will hire 2,500 workers for its data capture center in Baltimore, Maryland, which will process 40% of 2010 Census questionnaires. The center opens this week, but most of the workers will be hired to start in December 2009. The Census Bureau processing center in Jeffersonville, Indiana, will [hire 2,000 people](#) for the decennial census.
