## GLOBAL RECOVERY TO OPEN SOUTH CAROLINA PLANT

St. George, South Carolina-based Global Recovery will open a new recycling facility in a former boat manufacturing plant in Harleyville. The firm seeks to expand its plastics recycling, and to process a wider range of materials. It is spending \$590,000 and creating 15 new jobs. Global Recovery LLC is a recycling company established in 2005. It has an annual revenue of \$2.5 to \$5 million.
