
ENERGIZER BUNNY CUTTING SALES, MANUFACTURING JOBS

Energizer Holdings is restructuring, and planning job cuts in its manufacturing and sales operations. The cuts will come through both voluntary retirement packages and involuntary layoffs. Numbers have not been released. Energizer Holdings, headquartered in St. Louis, Missouri, is a manufacturer of multiple consumer products, including sunscreen, razors and feminine products; and batteries, where it has a market share of approximately 25%. The company sells in over 165 countries.
