
GM TO HIRE 100 FOR ELECTRIC CAR BATTERY PLANT

General Motors will invest \$43 million in Brownstown Township, Michigan, to create a plant to manufacture lithium-ion battery packs for the Chevrolet Volt. The plant will create more than 100 advanced-technology jobs. Production is expected to begin in 2010. GM is getting \$241 million in Federal, state and local incentives. General Motors Corporation is a global automaker founded in 1908, with headquarters in Detroit, Michigan. It is the world's second-largest automaker after Toyota, ranked by 2008 global unit sales. GM was the global sales leader for 77 consecutive calendar years from 1931 to 2007.
