
PALZIV TO OPEN FACILITY IN NORTH CAROLINA, 72 JOBS ON THE WAY

Palziv, an Israeli foam manufacturing company, is investing nearly \$8 million into a North American headquarters and manufacturing facility to be located in Franklin County, North Carolina. 72 jobs, paying an average of \$34, 167 plus benefits will be created. The facility, which is being built with help from the One North Carolina Fund, will produce cross-linked foam blocks and rolls from polyethylene pellets for packaging, insulation, toys, prosthetics and other products.
