

TALECRIS TO CREATE 259 JOBS, EXPAND FACILITY IN NORTH CAROLINA

Chalk another one up to the One North Carolina Fund. [Talecris Biotherapeutics](#), with the help of a \$250,000 grant from the state, is expanding its facility in the research triangle and bringing in 259 jobs. The jobs will be filled over a seven year period and the company is eligible for up to \$4 million in additional incentives if it meets certain goals over the next 12 years. Talecris employs 4700 people worldwide and within North Carolina's Research Triangle Park region is a top ten employer.
