
GREEN JOBS COMING TO WISCONSIN

Thanks to \$3.1 million in stimulus money, three companies in Wisconsin will create close to 300 new green jobs. Helios USA, a start up company making solar panels, is receiving \$1 million and will create 54 jobs. Nature Tech, another start up, will recycle old newspaper to make insulation. Nature Tech will create 47 jobs and receive \$800,000 in stimulus funding. ZBB Energy, an environmentally friendly battery manufacturer will use \$1.3 million to retain 26 jobs and expand to create an additional 175.
