
BLUEFISH WIRELESS TO EXPAND INDIANA OPERATION

Bluefish Wireless Management plans to invest \$2.7-million towards expansion of its headquarters in Zionsville, Ind., which will result in the company adding 150 new employees. Bluefish Director Joshua Garrett told the Zionsville Star the jobs would be primarily in customer service and information technology. Bluefish announced the decision after agreeing to an incentive package with Boone County officials. According to the Star, Bluefish will receive \$875,000 in performance-based tax credits and an additional \$50,000 in training grants. Boone County is also giving an additional \$240,000 lump-sum grant. Bluefish offers wireless-management services to large corporations and currently has about 73 employees.
