
CREATIVE LIQUID COATINGS INC. TO HIRE 65 IN INDIANA

Creative Liquid Coatings Inc. has announced that it will hire 65 new workers at its facility in Kendallville, Indiana. The company is hiring the workers before it starts a new contract with Chrysler this year. Creative Liquid Coatings is buying robots and other equipment for the new production line. Manager Stephen Geist hopes to hire the new employees by August of this year. The additional jobs will double the size of the facility's workforce. Creative Liquid Coatings Inc. is headquartered in Fort Wayne, Indiana. The company provides industrial coating for a variety of products including automotive, truck, military and RV industries finishes.
