## LOGISTICS HEALTH ADDING 290 JOBS IN WISCONSIN

Logistics Health is receiving a \$1.5 million loan from the Wisconsin Commerce Department that will result in 290 jobs being created through expanded operations in La Crosse. Logistics Health helps government agencies with services such as disseminating health information and managing vaccination clinics. Gov. Jim Doyle said the loan, which is similar to ones previously made, wouldn't have to be paid back if the company reached its target for creating and keeping jobs.
