
REQUEST FOODS TO CREATE 250 JOBS IN MICHIGAN

Request Foods of Holland Township Michigan has experienced steady growth and is now looking to expand over the next five years. The food manufacturers annual sales were \$180 million last year, and are expected to increase to \$240 million this year says president Jack DeWitt. If the state approves the expansion, the company will acquire their new facility tax free for a 12-year period. The years following will incrementally increase taxes by 25% annually until they reach the full 100% on year 16. 155 of the new jobs would be created within the first three years of the planned expansion, and permanent positions could potentially open up as soon as the spring of 2011.
