
BLUELOCK CREATING 118 NEW JOBS IN INDIANAPOLIS

BlueLock LLC said it plans to create 118 new jobs by 2014 through the expansion of its headquarters in Indianapolis. BlueLock provides cloud computing solutions and managed information technology services, according to its Web site. The company, which was founded in 2006, currently has 30 workers in Indianapolis. It plans to begin hiring in engineering, operations, development and client services. "As cloud computing continues to gain market acceptance, we see a real opportunity to build upon our three-plus years of experience in the space, which is a lifetime in cloud years, and offer our clients best-in-class service and solutions," said John Qualls, president and CEO. BlueLock plans to invest more than \$35 million for improvements and upgrades in its 20,000-square-foot facility in Indianapolis.
