## ITT CORP. BRINGING 90 HIGH-TECH JOBS TO MARYLAND

Fortune 500 company ITT Corp. will bring 90 high-tech jobs to Anne Arundel County in Maryland over the next four years. According to a report in the *Baltimore Business Journal*, the company plans to open a \$1.7 million center for training and programs focused on information technology on Aug. 1. Workers will be brought in from around the world and will have salaries in excess of \$100,000, according to the report. ITT is currently accepting applications and information can be found on the company's Web site under its ITT Headquarters Job Opportunities section. ITT employs more than 600 people in Maryland and had 2009 revenue of \$10.9 billion.
