## TEXAS WALMART STORE HIRING 60 WORKERS

Walmart is hiring 60 workers for its store in Georgetown, Tex., which is close to unveiling a “massive” renovation project. Construction on the project began April 4 and is slated to be completed in June, the *Austin Business Journal* reports. The company did not say how much the project costs, but indicated it includes a full remodeling, inside and out. According to a press release, the new design is “clean, open and bright” with bright interior paint, low-profile shelving and wider aisles. Walmart has more than 8,400 retail units under 55 different banners in 15 countries. The company had \$405 billion in sales in fiscal year 2010.
