

BOAT MANUFACTURER IN ARKANSAS TO CREATE 115 POSITIONS

[caption id="attachment_6452" align="alignright" width="160" caption="arkansas"] Fishing Holdings, a manufacturer of several brands of fishing boats, is making a \$13 million investment in their plant located in Flippin, Arkansas. The investment will create 115 new job positions. The company recently acquired Triton Boats from Brunswick Corp. and is now transitioning the Flippin plant to be able produce their existing Ranger and Stratos Boats as well as the new Tritons. Since February Platinum Equity, parent company of Fishing Holdings, has integrated Ranger, as well as several other boat brands, and has procured manufacturing facilities in Michigan.
