## CONQUERING THE JOB HUNT

Nana K. Oware has written the book titled 'Conquering the Job Hunt'. This book is a very practical and worthy read for those seeking jobs or to start their own businesses or even those already employed who seek better opportunities. It starts off dealing with the excuses and negative mindset which stop some people from getting the jobs they desire. He informs how to choose the right career, personal branding and how to put together the powerful and targeted CVs. Read the full article here:
