## WHAT DO YOU REALLY WANT?

Have you ever heard the expression, "fake it till you make it"? Well, what that means is that, instead of getting real and addressing the honesty of what you are doing, perhaps in a career, you are pushing through and operating on habit rather than joy. Would you like to have the career of your dreams, something that is truly inspiring to you as a human being? What is it that you really like to do, besides the basic grind of paying bills at minimum wage, or on the contrary, putting up with the hassles and stress of being in a high position of a sophisticated job? This article helps you to look within and ask yourself what it is that you wish to accomplish, and further, it encourages you to look into how to make your favorite hobby into the career you want. If you think about what you really spend your time on, perhaps what life has been for you lately, can be replaced with what is a true passion that brings you happiness.
