## ONE MAN LEAVES HIS DREAM JOB AND TAKES ON HOT NEW JOB

Giving up his dream job for a hot new career describes the decision of one man (Wan Fazli Wan Padila) in Kuala Lumpur to leave a successful job as an engineer with a multi-national company and to take up farming. The new career is “hot” because Wan Fazli’s primary crop is chillis. Though less lucrative, and more physically demanding, Wan Fazli has embraced the new lifestyle of farming and has been successful in expanding the business to include the sale of seedlings and fertilizers, and he offers training to others interested in chilli farming.
