## **RECOMMENDED: JOB HUNTERS STILL NOT CAREFUL ON SOCIAL MEDIA: STUDY - MSNBC.COM**

Be careful what you post on the internet, especially Facebook, it may come back to bite you. If you are applying for a new job and are very proud of your impeccable resume, it might not matter, this article describes studies showing that roughly 57% (out of 1000 employers surveyed in the UK) say they look to social media sites to review potential hires. Read on for more info.
