## CANADA FX DEBT-C\$ FLAT, BONDS DOWN

Foreign-exchange and Fixed-income markets were left to seek direction from global equity and commodity markets due to same level of dollar of Canada & U.S. The extending of emergency loans delayed & Canadian dollar fell much low. But Toronto's main stock index raised & U.S. crude oil futures perked up. Canada stepped up pressure on Europe to resolve the Greek debt crisis. Canadian Finance Minister Jim Flaherty declared discussion about it with Group of Seven advanced economies.
