## JOB HUNTING: WHEN PARENTS RUN THE SHOW - SMARTMONEY.COM

Recent happening has shown new dimension where parents presents themselves for job interviews for their children. Due to tough competition and lesser job opportunities it has become difficult to find out suitable job . The parents who have invested sizable amount for children doing everything to corner coveted job for them. In so many case parents hires professional resume writer and interview trainer for them and such adding cost to future. This all results more dependency of child on parents. In such circumstances child can not manage own time or balance checkbook adding miseries to parents problems.
