## SMALL BUSINESSES CAN TAKE ADVANTAGE OF GAY MARRIAGE LEGALIZATION

Due to the legalization of gay marriages in certain states of U.S., the marriage related industries are likely to get more business. This is because the number of weddings is increasing, thus demanding more marriage related services. The U.S. is spending an estimated 80 Billion dollars each year as wedding expenditure. Some business organizations do not want to partake in same sex weddings and they are not willing to provide their services to the gay couples based on their sexual orientation. They are liable to be prosecuted based on discrimination laws. Read the full article here: [Gay Marriage a Boon for Small Business](#)
