## WHY ONLY CORPORATE AMERICA CAN REALLY FIX THE JOBS CRISIS

America has been struggling with the jobs crisis for years now, as it has seen the unemployment rate skyrocket and hiring grind to a halt in August. According to an article on CNNMoney, what needs to happen to help us out of this severe crisis is that large companies that have excess money need to step up and hire more people, no matter how uncertain the political scene seems. Read the original article here: [Politicians can't fix jobs crisis - but companies can](#)
