

10 BUSINESS MYTHS DEBUNKED

Debunking Business myths are possible in the following situations. Most of the people will say that all time success will come only through experience but if we are able to move our dreams forward a little bit we can achieve success in one night. There are certain times of years that companies don't hire. If you listen to all these you would never be doing anything to move your search ahead. There are so many books in the market regarding the job search. By reading these books we can get self awareness that are critical for pre - job and post - job.
