

CAREER READINESS WEBSITE LAUNCHED

A new California Career Center Web portal has been created, which will assist middle school and high school students to plan for future career. The portal has been launched as a part of Torlakson's Career Readiness Campaign. The website allows students to create their own personalized account to save critical information. Career, Education, Training sections will help students in getting accustomed with all the terms. The "Getting a Job" link gives tips on job searching, internships, résumé writing, and job interviews. Parent/ Guardian section too has been included. Students and parents can visit this portal at <http://www.cde.ca.gov>
