## HELPFUL ADVICE FOR WORKING PARENTS AND JOBSEEKERS

This article is a solution for the common problems faced by working men and women. It's a Q&A from a psychologist. She has given advices for various questions like how to balance home and career, how to provide to an employer, about entrepreneurial skills - when & how to start being an entrepreneur, and how to expand your role, if you are taking more responsibilities, by speaking to your manager rather than just looking for a new job.
