

5 WAYS YOU'RE RUINING YOUR JOB SEARCH - U.S. NEWS & WORLD REPORT (BLOG)

Job seekers make a lot of mistakes. Sometimes they know they are making them, but most often, they make mistakes because they don't know any better. But it is the following five mistakes that have an even bigger impact on the outcome of your search namely Ignoring directions, Bad-mouthing your situation, boss, or employer, Showing up unprepared, Only searching for jobs posted online and Ignoring the power of social media.
