## EU'S 7-YEAR BUDGET SURPRISE DEAL

The European Union has announced that it has developed a new budget, estimated to be around 960 billion Euros (equivalent of 1.27 trillion dollars). The budget must still obtain finalization from the EU's parliamentary body. This initiative has come as a shock, since much of the parliament has been in disagreement over budget austerity measures. This new budget contains finances that many hope will stimulate the flagging European economies. For more details on the article [Click Here](#) Where can you find the most jobs? [Click here](#).
