

## ATLANTA'S TOP TELECOM, CELL PHONE, AND ELECTRONICS MANUFACTURERS

*Summary: Atlanta is known as the telecom capital of the Southeast, a hotspot for internet based companies.*

There are six cell phone, telecom, and electronics manufacturing [companies in Atlanta](#) that earn over \$50 million a year. Below is information about each company.

### **American Tower**

They are a leading independent operator, owner, and developer of broadband and wireless communication real estate that has over 87,000 managed or owned sites. Not only do they lease space on towers, they offer customized connection solutions with in-building solutions, outdoor antenna systems, and other options. They maintain offices across the world in order to be at the center of the global transition of mobile communications from basic data and voice to high-speed broadband.

### **Avox**

This company is a cloud communications provider that concentrates on supplying the international calling needs of hotels, call centers, tour operators, and global enterprises that want a local presence. They offer telecommunications and enhances VoIP solutions such as call recording, toll free services, Cloud PBXs, call termination, call center solutions, local numbers worldwide, toll free numbers worldwide, SIP trunks, VPN solutions, conference calling, VoIP phone systems, business telephone systems, and DID/DDI numbers. They provide technical support in English and Spanish 24 hours a day, 7 days a week.

### **Birch Communications**

This company is a leading technology service provider for wholesale, enterprise, mid-sized, and small businesses. They aim to meet the needs of customers in underserved areas of other providers. Their mission is to offer the highest-quality communications, cloud, broadband, and IT services for businesses at the best value. They want the latest technology to be available to all businesses of any size by using their private, high-bandwidth network. The company has over 1,400 employees nationwide.

### **DirecPath LLC**

This company was formed by [DIRECTV](#). They aim to offer broadband services to multifamily community residents, such as gated communities, condominiums, apartments, and student housing. They became the leader in broadband services in MDU communities after acquiring Biltmore Communications. Other companies they have acquired are Glades Telecom, BDR, Apartment Mediaworks, and National Satellite. They are a DIRECTV Master System Operator and the leading private cable industry provider.

### **American International Manufacturing & Design Inc**

This company was founded in 1995 and has between 50 and 99 employees.

### **Ellimac Ventures**

This company is an Ignite Marketing Company powered by stream energy for natural gas and electricity.

---

There are 14 cell phone, telecom, and electronics manufacturing companies in Atlanta that earn under \$50 million a year. Below is information about each company.

### **Arel Communications**

#### **Crawford Communications, Inc.**

They are a privately owned company that offers end-to-end creative and post production services. They are a highly held U.S. media services company with a strong reputation built on excellent customer service and technical support. Their mission is to work individually with each client from beginning concepts to the final delivery. They work together to create media experiences that not only meet but exceed expectations.

#### **Mfg Quote**

They are a leader in online marketplace for the manufacturing industry. Buyers request a quote for their made-to-order industrial goods, textiles, or apparel. The quote comes with technical specifications and their engineering CAD files. The founder wanted people to be able to get something manufactured and have factories and job shops compete to make the product.

#### **Huffer Mfg Inc**

#### **Brown Electrical Services, LLC**

#### **Aaron Electric**

#### **Regency Electric**

This company provides commercial electrical services. They strive to complete projects on budget and on time. They plan their projects from conception to completion. Their featured services include design build services, BIM-building, information modeling, information technology, thermal imaging, on-demand, electrical services.

#### **Rewired Telecom**

This company has been offering top-quality VoIP phone service for 15 years. Their goal is to provide the highest quality business telephone service available with exceptional customer service and overall experience. They understand that every company is different so their needs will be different as well.

#### **Signal Mountain Networks Inc**

This company offers Wide Area Network communications solutions for commercial customers and governments across the globe. They specialize in highly

portable, easy-to-use, integrated systems for users to receive and transmit data, video, and voice to and from pretty much anywhere. One of their featured solutions is the SCOUT tactical satellite system, which is a customized 2-3 carrying case that gives users regular internet access and many other services.

**Hello Tel Investment Inc**

**Comlite Systems**

This company caters to Medical, Optometry, and Dental offices. They developed a system called the Comlite Office Paging System to maximize time for doctors by decreasing patient wait times and increasing the ability to perform more patient exams which maximizes profits. They system also allows staff members and doctors to discreetly communicate. The company's goal is to provide affordable and dynamic software products for private practice healthcare professionals.

**Commnet Wireless LLC**

This company aims to connect rural America with affordable and carrier grade communication networks. Their thought for this is that it will promote economic growth, improve safety, and improve the quality of life of those that live in rural communities of less than 2,500 people, national and state parks, roadways, and seasonal areas like lakes and ski resorts.

**Barlett Kelly & Associate**

This company is an information technology specialist team that has been serving clients for 30 years. They are able to deliver reliable and affordable business IT solutions. They focus on software development, business intelligence, and network management.

**PyrodynamicsInc.**
