

CONVENIENT CELL PHONE CHARGERS FOR LG VX9900

July 23, 2007 ---With so many new cell phone models coming out each month it is hard to find all the accessories that you need once you have obtained that dream cell phone of yours. The most important accessory that you will need is a charger to keep that battery full so you can talk, play games, text message, watch clips, or connect to the internet.

To find the right chargers is not easy, but <http://www.101cells.com> has the complete list of chargers for each new cellular model. <http://www.101cells.com> has a variety of charger ranging from the original chargers made by Samsung, Motorola, Kyocera, Nokia, Siemens, Nextel, Sanyo, LG, Sony Ericsson, and Audiovox. The site also carries the less expensive version of the charges that provides the same kind of function and durability.

Some new models that there are new chargers for are: Samsung m300 Nokia N 95 Nokia 5300 Xpress Sony Ericsson K790a LG CU500 X9900 Nokia N80 AT&T 8255 LG KE850 Blackberry 8300 etc.

If you need a battery to accompany the charger that you need, <http://www.101cells.com> has that too. There is a complete inventory of cell phone batteries available on the site for all the new cellular models as well as the older models. <http://www.101cells.com> offers you all that you need in one convenient place
