

DATA ENTRY FROM HOME, MONEY MAKER OR SCAM?

I'm sure you've seen the ads. Data Entry for cash, Type Simple Data Entry from home, Data Entry Income and more. Can Data Entry from home be a money maker or is it a Scam?

If you are comfortable typing on a computer then Data Entry Jobs may be for you. Often there are misconceptions when data entry that you will be typing endlessly to earn nothing. The truth is though that data entry is an easy work at home job if you feel comfortable on the computer. If you can type at a good speed and be accurate. Of course today with the tools available like spell check, grammar check etc, it makes it a lot easier. In fact it's possible to earn over \$40 per hour doing data entry jobs online.

Another misconception is that data entry jobs are scams. This is probably the "too good to be true" adverts with promises of overnight riches working from home. Some people will join a Data Entry program and think that the money will start flowing in. If it doesn't then they call the program a failure. You won't get something for nothing. There are legitimate data entry work programs available. In fact I have a separate Data Entry web page <http://www.workfromhome4dollars.com/ArticleDataEntry.php> whereby I highlight what in my opinion are the best and most popular Data Entry programs.

Data entry is one of the more popular home based business opportunities as it is very low-cost to get started. I have included a list of equipment that you will need to start below:

- Computer
- Access to Internet
- Printer
- Business cards

I would also suggest that you use a unique email address. This is merely a suggestion not a requirement.

The potential in the data entry business is great. There are many small and large companies that outsource data entry. Many people are making \$1000 - \$3000 a month additional income. In order to get to this level of income it is important that you understand the skills that you'll need and where to look for data entry programs.

Please feel free to visit my web page for Data Entry product reviews. If you decide to try one of our programs, please let me know your opinion of the whole process. Your opinion is important to me. I also have a FREE Email Newsletter series, which gives you the Top Rated Data Entry Programs.
