

## MAKE MONEY 24 BY 7

I've been trying to make money online for a while now - have purchased various products at relatively high prices. These include RichJerk's Ebook, FOREX Enterprise, Ultimate Wealth Package, Affiliate Cash Vault, AdSense Empire... I'm not going to comment on how effective these are... but it does seem like my business is slowly picking up.

But as we all want to make a LOT of money, I keep on looking for better and cheaper products. Recently I came across this site that I highly recommend: [www.makemoney24by7.com](http://www.makemoney24by7.com). The owner doesn't actually sell his / her own strategy, but I found two products on this site to be of excellent value - had I ran into this site before I would not have purchased all those products at costly prices!

The two products I'm referring to are "Product 6", which is an online business guide that sells for only \$19.97!! I cannot agree with the site owner more that this is an Ebook comparable to RichJerk's Ebook!

The second product is "Automated AdSense Income" which is selling at less than \$33!! After I purchased this product I did kind of regret a little as the product owners seem to drag on and on about how they'll send you the actual product only if you've done some AdSense work for them (specified by them). However, after all that (less than a week) I did receive the actual product... and boy... this IS a very powerful AdSense strategy! Honestly, don't miss out on this product if you're serious about making money online!

Needless to say, I found both of these products VERY valuable - at combined price of less than \$53, I'd say these two products are worth investing (consider you pay at least \$49 for EACH of other products like RichJerk, Ultimate Wealth Package etc).

FURTHER, this makemoney24by7 website offers monthly newsletters (obviously a way for the site owner to build his / her opt-in list). Upon signing you get a free report, which does have some relevant information - at ZERO cost! The June 2006 newsletter I received also contained some good internet marketing information, resources and reference.

Highly recommend anyone serious about a making money online by running a home business to visit [www.makemoney24by7.com](http://www.makemoney24by7.com).
