

## CASH ONLY SURVEY

Online paid surveys is an online marketplace with much demand. Many newcomers are joining with the hopes of creating some extra income. Daily people are taking surveys so that they can creating extra income or work toward replacing their day job.

You can see the demand for this niche in the market by simply looking a few of the keywords searched for on a daily basis. They are words such as cash online only survey, cash only paid survey, cash only survey, cash only site survey and cash online only paid survey.

What happens, unfortunately people sign up get started very quickly, only to realize later that you need to use your time wisely so that you can maximize their income. As I have suggested in my prior articles it's best, in my opinion, to sign up for a Survey Data Base Company. It will save you time and money. These companies will give you a bunch of survey companies to deal with. They give what they believe to be the best companies to deal with. In their very good step-by-step instructions many will tell you to sign up for many companies, not just a few. The reason for this is that I have found that only a portion of the surveys sent to on a daily basis will apply to you thus the need to have many surveys coming in daily.

Another piece of the puzzle that I have read nowhere else is that many of the companies will offer you entries into sweepstakes instead of cash. I don't know about you but my desire to spend time goes up when I know I will be receiving compensation of some sort not just a chance at being paid.

I found a Survey Directory Company that will show you which companies will pay you in cash, sweepstakes, sweepstakes points and points that can be turned into real cash.

My suggestion is to do the following things to ensure you have the best chance for success:

I suggest using a website like mine, but not necessarily mine, which has specific Paid Surveys page or be prepared to do the research yourself. You must do one or the other to give yourself the best chance for success!

1. Setup a separate email address for your surveys if possible.
2. Sign up for Survey Data Base Directory and get started
3. Read the step-by-step instructions thoroughly.
4. Sign up for as many of the Companies included as possible.
5. Be sure to include all companies that pay in cash or points that can be turned into cash first.
6. Sift through the surveys you receive and answer the ones that either pay cash or points that can be turned into cash first.
7. I would do the sweepstakes entries as extra time allows.

The only equipment you need is a computer, access to the Internet, some free time and a bit of patience.
