

CHRYSLER ADDS 1250 JOBS IN DETROIT - AFP

Detroit will soon be offering more well-paid jobs by creating a third shift of work. Chrysler had launched an ad that they will be adding another 1,250 jobs to their company. Not only will the company be expanding for new employees, they will also be expanding a new diesel engine option on their Jeep Cherokee, and the production of an SRT Viper sports car. The company is hoping the new changes will help their business after a drop in their major industry. Read the full article here:
