## ARTICLE TITLE 2912- LEGAL JOBS

The United States legal scenario is a little more complex because laws differ from state to state. In a position like this, it is very natural to take the expert help of legal advisors and advocates.

If you are in for some big trouble, like you want to sue a company for selling defective products to you or you get into trouble like drunk driving, then the help of lawyers becomes absolutely essential. At any rate they will be the ones to save you.

But you have to understand that only the right lawyer can save you in the case. The best part about the present age is that a lot of firms have put up websites to assist you better in which kind of lawyer you can get for your case.

### Jobs

Legal job opportunities have also increased in this respect. Since a lot of these firms have sites, so it becomes easier to apply to them. But it is important that you send your resume in a striking manner otherwise they might not notice. Firms get thousands of applications everyday.

They have to reduce their preferences to a mere ten or twelve so that they can select the best candidate for their job. If you are looking for in house positions, then you may have to wait some time before you land legal work of your choice. Most of the law firms make their lawyers, especially newcomers work round the clock, billing and presenting cases.

### Qualifications

If you want to become a lawyer, then you must have good spoken abilities; you should not be shy. Also you need to have brilliant logical and analytical skills. You should also be able to work under competition and pressure.

If you have these skills, they will already be more enhanced by a LLB degree. Even after an LLB degree you can go on pursuing higher education in the field of law. This is usually prescribed if you want to become a very successful lawyer.

### Types of Jobs

Legal employment is basically of two types: solicitors and barristers. It is the duty of solicitors to talk of legal matters in any possible law premise. You can either practice in the private sector or the government sector.

If you are working for the government, then you will be working for the betterment of the people. This is one reason why most lawyers who want to give something back to society join the government sector.

Employment in the legal field includes legal jobs that require you defend your client. Whatever be the constraint, you should under all circumstances ascribe to winning your client's case. The legal field is very hectic and requires a lot of research.

You can also enter the legal arena as an attorney assistant. This will not only prepare you for the job but also keep you in sync with the ever evolving law sector.
