## HOW TO RETAIN JOB FITNESS BEYOND YOUR RETIREMENT AGE

The job market is undergoing a change. Both, the types of jobs offered and the job seekers are showing new trends. Many retiring employees are reluctant to leave the job market. If you are one of those experienced professionals on the verge of retirement and want to be in the job market, you may be worried about how to be active. Your mantra should be to stay fresh and vibrant in today's demanding job world. Here are a few tips for you, follow them and cling to the job dear to your heart. [Read More at Hound](#)
