

MISTAKES

Don't worry about making mistakes.

Everyone makes mistakes.

Why should you be different?

The person who never made a mistake, never made anything.

Mistakes can be costly. They can also be educational.

Look upon your mistakes as assets.

Life is a learning process. Learn from your mistakes.

Profit from them and you will not only make more money, you will also become a better person.

You must face the fact that from time to time you will make the odd mistake.

As long as they are not life threatening, pick yourself up, dust yourself down and get on with your life.

Just remember not to make the same mistake twice. As I said before, "Learn from your mistakes." Better still, learn from other people's mistakes.

There are people out there who have become millionaires working on the internet. Do you think they never made mistakes? They are only too willing to admit their mistakes and to explain how they resolved them.

If you want to get to the top, and I presume that you do, study those who have already made it to the top. Study the way they did it. Copy the methods of successful people. They will not be too proud to explain the problems they encountered on the way. Problems that you will surely meet as you progress and gain experience.

Disregard the 'overnight gurus' trying to sell you the latest get-rich scheme. If you listen to them you will be making the biggest mistake of all.

The old adage: "Learn to walk before you try to run." Holds good in any type of business venture.

The main difference when setting up a business on the internet, as against setting up a conventional business, is that on the internet there is no shortage of genuine advice for the newcomer to take advantage of.

Good advice is there for the taking. Don't disregard it just because it is free. Some of the very best things in life are free.

Just make sure that you take full advantage of them.

Relax, nothing is so bad that it can't be fixed.

Here's to your great success. Bob....
