Play Pyramid Solitaire online for FREE! Pyramid Solitaire is an online game website where you can also play Free Online full version of your favorite pyramid solitaire games. The games operate in any web browser such as Internet Explorer, Firefox, Chrome, Safari on the [play solitaire](#) Mac, Windows, Linux, iPad, iPhone, Android and many more. In the game, you will need to [solitaire spelen](#) fill the square with coins. When the time comes, all the neighbors around you will offer you some coins.

One of the game's unique characteristic is that you will have to earn the points by matching the cards. The catch is that you will be using the exact same sequence of cards, so you need to think ahead. Once you have reached thirteen points, the card with the lowest number will vanish and you will have to play it again. You are required to move diagonally across the seven cards and eliminate the pairs without sharing them with other players. As soon as you manage to get rid of all the pairs, you will move to the next card and continue playing. It is one of the simplest card games ever designed. It is also considered as one of the oldest as well. There is no specific theory behind the way it works. It actually just makes use of the basic principle of probability that you can apply to any card game including pyramid solitaire. Some people may claim that it is a game of chance but the truth is that even though you may not know the exact strategy that is applied in the game, but by simply following the rules of the game, you can easily succeed.
