If you're like most casino players, you probably think that once you've placed your bets and the wheel starts spinning, it's too late to do anything.

That's not true! In fact, if you're not happy with the results of a spin, you can ask for a mobile casino refund.

All you have to do is contact customer service within 72 hours of placing your bet and they will process your request. So there's no need to feel stuck or frustrated after a bad spin - get your money back and try again!

### **What are the best casino apps for Australians?**

There are a few different online casinos that Australian players can choose from. Some of the best ones include Royal Vegas, Platinum Play, and Spin Palace. These casinos offer great live dealer games, welcome bonus, and customer support. Players can also rest assured that their personal information is safe and secure when playing at these casinos.

### **Tell me the best way to pay for a casino?**

There are a few different ways that you can pay for a casino. You can use debit or credit cards, e-wallets, or prepaid cards. Each method has its own benefits and drawbacks, so it's important to choose the one that will work best for you. Credit and debit cards are the most popular methods because they are accepted by most casinos and they offer protection if your card is stolen or lost. E-wallets are another popular choice because they are quick and easy to use, and they offer some protection against fraud. However, not all casinos accept e-wallets, so it's important to check before you choose this method. Prepaid cards are a good option if you want to keep your spending limit in check, but not all casinos accept them.
