IBM'S LONG-FORM CONTENT SHOWS ITS TECHNOLOGY IN ACTION

Technology for elder care has come a long way since "I've fallen ? and I can't get up!" IBM is pioneering sensors that monitor seniors' homes in real time? temperature, carbon dioxide levels and much more?and send the data to city workers, who can dispatch friends, family or emergency personnel as needed. This remote solution can keep a town's social-services costs down as its population ages.
